Subject: Re: For Sara (and Corey): WA Aquatic Life Petition

I tried to confirm with Matt and Angela that this is ready to go, but they are tied up in interviews. I know Angela reviewed before it went to you, so I'm confident that she's fine with it. We're all a little concerned about tone and NWEA's reaction, but David and Lee added much of this language. So, if Evelyn M can add it to letterhead and date it, it should be ready for your signature. And if Matt and I can get a copy from her for our records after you sign, that would be great. Thanks!

No thanks, I am fine without reviewing.

Thank you, Erica. I just made 2 very minor edits.

Betsy,

This petition came in from NWEA to update WA HHC and ALC. In my response, I am asking NWEA questions specifically to get the data she may have to support her petition. Would you like to review my response before I sign it?

Thank you,
Sara

Please see the attached (and link to the doc on SP if possible to edit that way) draft of the initial response to NWEA's petition. I've also attached the PDFs of the original petition and two follow-up letters. Per OGC's advice, v

This has been through

David, Pete and Lee's review, ORC, and Claudia (Corey, I think you saw this already but couldn't recall if you had any edits, so please review now if you'd like).

This is currently in CMS for Sara's signature by 4/29, but my understanding from Evelyn is that we have a bit of flexibility if we need to push it out.

Thank you,
